*"Nature in the Raw is seldom mild"*

**ERIC THE RED**  
"Nature in the Raw"—as portrayed by Howard Frazer... inspired by that marauding Viking chieftain whose vandalism branded him as the "Terror of the North" (975-1000 A. D.).

## —and raw tobaccos have no place in cigarettes

They are not present in Luckies... the mildest cigarette you ever smoked

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"

—so these fine tobaccos, after proper aging and mellowing, are then given the benefits of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

**"It's toasted"**  
That's the secret of mild Luckies

"If a man writes a better book, preaches a better sermon, or makes a better man out of his neighbor, he is building his house in the wind; the world will make a better path to his door."—RALPH WALDO EMERSON. Does not this explain the world-wide acceptance and approval of Lucky Strike?

# The Stars Say— For Thursday, Sept. 1

A PARTICULARLY eventful and lively day is promised from the dominant place of Uranus and Mercury in lunar aspect. This indicates a sudden development of a radical nature, possibly calling for a new environment and associates, with travel and strange adventure. Much may be accomplished by writings, new contracts, by publication or promotion schemes. But there is some hint of accident or physical danger of a very abrupt nature.

Those whose birthday it is may anticipate a very important year in their lives, with radical change, possible travel and removal, new business arrangements and associations, and a general rearrangement of the affairs, and quite unforeseen or unsought. Profitable conditions in publishing, writings, new plans and contracts. But be on guard against physical mishap and mental brainstorms. A child born on this day should be lively, adventurous, skillful, original and independent. It may be brilliant in literature, invention, science. Also temperamental. Notable nativity: Bertha Kallbach, actress.

Have you tried this new washing soap? Made by the same folks who make Ivory Soap, Oxydol is a real blessing for women who do the dishes and the clothes. Oxydol is easy on hands, and it gives them a beautiful shine. It doesn't hurt or burn a bit. Every particle of dirt is loosened from every surface—that's why it's so successful. Use for yourself, it gets rid of dirt and grease in a jiffy and takes the hard work out of housework.

## My Beauty Hint

BY KIMMEL HEDSON  
If you are a woman, you should know that to get rid of them.

Every evening I gently massage the cuticle about the nail with a cotton-wrapped orange-wood stick dipped in olive oil. This, I find, softens the skin about the nails so that there is no accumulation of dead, hardened tissue which forms hangnails.

When I massage, I wash away as much as I can of the cuticle loosened by slapping the nails. Then I wipe the residue with a soft piece of cotton. Shaping ends of the skin with scissors encourages hardened cuticle and hangnails I find.

Hangnails, Mrs. Alice Peters won second honors. Lunch was served by the hostess. Mrs. Peters will be hostess to the club in two weeks at her home on Oak street.
